<p>Personal Statement</p>	<p>My VISION Inspired by Dr Lena Makesin Phillips: <i>"Make no small plans. They have no power to stir the blood"</i></p> <p>BPW International expands our impact and influence globally through advocacy and action that Empower Women Economically across the world.</p> <p>As a medical doctor, pediatrician, scientist at the National Research Centre of Egypt and an entrepreneur who started my company for medical equipment since I was at 3rd year medical school, I realized the power of being economically empowered. I became aware of the importance of creating a voice advocating for better legislation and an ecosystem for women's empowerment. After establishing a local organization to support businesswomen, I realized that to amplify women voices, one cannot work as “I” or only at local level, but must work as “We” and join an international platform. So I travelled to BPW International headquarters in London in year 2000 to affiliate BPW Cairo to BPW International. I believe “We, BPW members” are making a difference to women’s daily life.</p> <p>To achieve my vision I have 3 key goals:</p> <p>Goal 1: Expanding BPW Network</p> <ul style="list-style-type: none"> • Develop integrated out-reach strategy to open new clubs with quality and strong members sharing common objectives of BPW International. My experience in founding BPW clubs in over 20 countries would support this effort. • Mobilizing resources and raising funds for projects and activities. • Attract and retain members through quality membership services. • Strengthen BPW network with communication strategy that builds bridges and promotes inter-cultural dialogue.

	<ul style="list-style-type: none"> Promote leadership & mentorship programmes for affiliates and Young BPW members. <p>Goal 2: Expand BPW global influence to be an agent of change with an impact on daily life of women</p> <ul style="list-style-type: none"> Action speaks louder than words. BPW should make measurable progress towards UN Sustainable Development Goals (SDGs). <p>Goal 3: Increase BPW Branding and Visibility</p> <p>My strategy is the “Triad Of Empowerment” based on 3 pillars</p> <p>1st Pillar: Personal Empowerment</p> <ul style="list-style-type: none"> Empowerment of women through capacity building and training programs to advance their professions and develop their careers. <p>2nd Pillar: Policy advocacy</p> <ul style="list-style-type: none"> Focus on 7 key advocacy goals: <ol style="list-style-type: none"> Government and Corporate procurement policies for women-owned SME (Pro- Women Procurement) Women on Boards Women Entrepreneurship Development Women in Science, Technology, Engineering & Mathematics (STEM) Education Financial Inclusion for Women Equal Pay WEPs Build international partnerships to unite efforts for women empowerment globally. Develop advocacy strategy to achieve results at policies and legislations level. <p>3rd Pillar: Projects Development</p> <ul style="list-style-type: none"> Promote and support projects among affiliates related to SDGs. Offer channels to show their achievements to inspire other affiliates. Support members to have better products, services, and access to global markets through partnership with organizations and UN Agencies. <p>As Dr Lena Madesin Phillips said: <i>“If our motive is right, if we have faith, vision and courage, accomplishment must come.”</i></p> <p>It will be an honor if elected to serve as International President to promote BPW International as a must join leading organization making a difference for women globally.</p>
<p>Standing for VP UN by non-election as president</p>	<p>No</p>

<p>Supporting statement</p>	<p>It is our pleasure to nominate Dr. Amany Asfour as candidate for President of BPW International.</p> <p>Dr Asfour is a natural team leader at national and international levels. Her passion is to empower women economically, support and mentor young entrepreneurs. Her expertise in women empowerment made BPW Egypt a leading national organization. She founded and attracted funding to our flagship project of Hatshepsut Women Business Development Center and Business Incubator which supports women Entrepreneurs and owners of MSMEs. She successfully contributed to gender policies of African Union (55 countries) and COMESA (19 countries).</p> <p>Dr. Asfour is talented in mobilizing resources for activities/projects. She organized 16 BPW Egypt's Annual International Congresses for Women Empowerment and found sponsors for them. During her presidency of BPW Egypt, she attracted funding for BPW Egypt's projects worth nearly 1.5 million Euros and for BPW International Congresses worth over US\$120,000.</p> <p>For BPW International, as regional Coordinator of Africa and as Vice president of Membership she opened BPW clubs in over 20 new countries. She has all the qualifications to lead BPW International.</p> <p>It is our pleasure to endorse her candidacy.</p> <p>Dr. Omnia Fahmy President BPW Egypt</p> <p style="text-align: right;">Dr. Naglaa Dabees Vice President BPW Egypt</p>
