Statement	<p>Dearest BPW European Presidents,</p> <p>Now, you know me very well! Your Pinella, as Secretary of the European Coordination Committee, has worked hard with and for you, under the wise guidance of the European Coordinator Sabine Schmelzer during the period 2012- 2014 and Karin Raguin during 2014 – 2017. It was a joy working for them!</p> <p>Now it's time to present my candidacy for the position of the BPW Europe Regional Coordinator 2017-2020; after 5 years of Secretary and replacing the current Coordinator in various occasions and fulfillments, I am ready for this important task. What is my European dream? What is my vision for BPW Europe?</p> <p style="text-align: center;">Which is my action plan?</p> <p>First of all a more widespread communication. It would be nice and important to inform you of everything that happens in our Clubs and Federations, so that the activity of each one could become a common and shared experience.</p> <p>Keeping working with the road map outlined by Karin Raguin that brought so much success to the BPW Europe, in the sign of continuity.</p> <p>Choosing all together, a European theme, of three years, about European women issues, and working to achieve concrete results in all countries in terms of laws.</p> <p>Keeping working for the already undertaken campaigns, concerning equal pay day, female quotas on Boards, equal opportunities, violence against women; all these issues will be our main challenges, our goals.</p> <p>Encouraging meetings between the Members of different countries, with constructive intercultural exchanges. This has always been my dream and nearly nine hundred participants in the European Congress of Zurich, are the result of continuous efforts, carried out day after day, to make us feel more united.</p>

	<p>Establishing many working groups to examine in depth different topics and to involve Presidents and members in a joint and effective work Creating a small monetary reserve fund to help the Federations and the associated Clubs, in severe economic crisis, for the payment of international Federation fees; none of our Clubs must be closed because of the lack of funds for fees!</p> <p>Supporting the recruitment and the involvement of young people, our hope, our future!</p> <p>Dearest Presidents, the real wealth of Europe is the diversity of the many countries that are part of it. Yes, the wealth here in Europe is our diversity, both in economic and cultural terms. We all must be interpreters of this wealth, in the international organizations and in the institutions all over the world.</p> <p>If you decide to give me your approval, I will realize all this and I want you to know it... I will do it! Because my motto is: dream it, plan it, do it! Thank you in advance for your kind attention, Pinella Bombaci</p>
